Green
Businesses

Small, Local Businesses:

- Local impact
- Fewer emissions and less waste
- Quick decision-making
- Adaptability
- Control over manufacturing
- Collaborative initiatives

What is a Green Business?

- A business that wants to show its commitment to taking action to conserve resources and prevent pollution both in the facility and operations
- Complies with environmental regulations in the areas of waste, energy, water, pollution prevention, and air quality
- ECO SLO green business certification

Why Shop Local/Green?

- Engage in environmental protection
- Social responsibility
- Quality products
- Supporting a sustainable future
- Creativity and innovation
